#### CAMDEN COUNTY BOARD OF COMMISSIONERS

# Regular Meeting June 2, 2003 Senior Center Conference Room, Courthouse Complex

#### **MINUTES**

The regular meeting of the Camden County Board of Commissioners was held Monday, June 2, 2003 at 8:00 A.M. in the Senior Center Conference Room, Courthouse Complex. The following members were present:

Chairman Jeff Jennings
Vice Chairman Samuel K. Shaw, Sr.
Commissioners Melvin Jeralds, J.C. Rountree and Clayton Riggs
County Manager/Clerk to the Board Carl Classen
Deputy Clerk to the Board Ava Murgia

Chairman Jennings called the meeting to order. Commissioner Riggs gave the invocation.

#### **PUBLIC COMMENTS**

Chairman Jennings asked for any comments from the public.

William Staples, North NC343, South Mills, asked for help in settling a property dispute.

Chairman Jennings stated the Board did not have any authority in this matter since it was a Civil Law case.

The County Manager gave Mr. Staples a Camden County Directory with suggestions of state offices to call.

# **CONSIDERATION OF MINUTES**

Commissioner Jeralds made a motion to approve the minutes of the May 5, 2003 and May 19, 2003 minutes with corrections. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

#### **CONSIDERATION OF AGENDA**

Mr. Classen asked that the following item be changed on the agenda: Add Item IX. I. Northeast Partnership.

Commissioner Shaw made a motion to approve the agenda as amended. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

### Public Hearing - Camden County Core Village Maps

On May 19, the County Commissioners held a public hearing on the Core Village Maps (South Mills, Shiloh, Camden). One person (Hilary Leary) spoke and asked that his property be included in the Shiloh Core Village. The proposed Shiloh Core Village Map, as amended, includes that property.

In addition, the attached maps were amended to remove some areas that staff has heard suggested is not really in each village. Further, staff is suggesting amendments that use fewer roads and more property lines and topographic features (e.g., creeks).

The purpose of the Core Village Maps is to give citizens, affected property owners, the Planning Board, County Commissioners and staff guidance on zoning/density,

infrastructure development and other issues that would focus development more to the core village areas than to sprawl in the more rural areas.

After a lengthy discussion and amendments proposed by the Board for each township, Commissioner Riggs made a motion to approve the Camden County Core Village Maps as amended. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

# eCamden Revision

The County Commissioners and eCamden Advisory Committee asked whether the Rural Internet Access Authority (RIAA) would allow the County to utilize \$100,000 of the previous \$325,000 tower grant that was awarded to Camden County. The purpose is to allow the County to use \$100,000 of RIAA grant towards the \$260,000 Phase I expenses and incorporating the extra equipment that allows ISP to resell from the available radio space (wireless service to the schools, County Complex, water treatment plant).

The RIAA has approved the \$100,000 grant to Camden County conditioned upon approval of a resolution approved by the County Commissioners approving the project, the project budget and the grant award.

Hearing no objections, Chairman Jennings so ordered staff to contact Mr. Bradshaw and Dan McAuley to invite them to the June 19, 2003 meeting to answer any questions the Board has regarding eCamden.

#### Northeastern Community Development Corporation (NCDC) – Grant Application

NCDC is seeking to put together a regional program in support of Individual Development Accounts. On behalf of NCDC, Camden County would apply for and serve as recipient of the grant with NCDC serving as the sub-recipient. NCDC would manage the program. Camden County would handle the grant administration.

G. Wade Horne, Manager of Horne Consulting, asked the Board for 1) support of the IDA; 2) commitment to apply for the CDBG grant; 3) to set two (2) public hearings to approve a Community Development Block Grant (CDBG) IDA project in collaboration with NCDC on June 16 and July 21.

Ms. Kaml and Carolyn Anderson were in attendance to answer questions.

Commissioner Rountree made a motion to approve support of the Individual Development Accounts contingent upon further review by staff. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

#### **Water Treatment Plant Operator**

On or about June 30, Currituck County will begin drawing approximately their full allocation of 200,000 gallons per day – and may draw more if the water is available. At \$2.75 per thousand, that is an additional \$16,500 per month in revenue (approximately \$198,000).

This represents seven (7) additional daily operating hours at the water treatment plant (seven (7) days per week). With David Credle needing to spend more and more time on sewer matters and managing the water distribution system (while continuing to manage

the water treatment plant), we need two (2) full time people as soon as possible so that David can train them in time for the extra work brought on by the upcoming Currituck water usage.

A water treatment plant operator is a Grade 59, with a salary range of \$18,918 - \$28,698 (plus a 2% COLA effective the first pay period after July 1, 2003). Hence, the additional cost would be two times that cost.

Commissioner Rountree made a motion to authorize hiring two (2) Water Treatment Plant Operators (Grade 59) immediately. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

Hearing no objections, Chairman Jennings so ordered staff to submit information regarding the Remote Meter Reading Equipment at the June 16, 2003 meeting.

### FY2003-04 County Budget

The Board was presented copies of 1) A budget message summarizing the proposed budget; 2) Budget Ordinance (Ordinance No. 2003-06-01); 3) Budget Resolution (Resolution No. 2003-06-01); and Resolution No. 2003-06-04 Relating to Salaries and Compensation for Boards and Commissions.

Prior to adoption, the County Commissioners must advertise and conduct a public hearing pursuant to NCGS 159-12 on the proposed budget.

Commissioner Shaw made a motion to set a public hearing for the proposed FY2003-04 County Budget during the Regular Meeting to be held Monday, June 16, at 7:00 PM, or as soon thereafter as the agenda allows. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

Commissioner Jeralds questioned the lack of compensation received by the Commissioner regarding *Section 5: Albemarle Commission Appointment* of the Salaries and Compensation For Various Boards and Commissions.

# <u>Code Enforcement and Planning Department – Permit Fee Schedule</u>

The following are proposed changes to the Permit Fee Schedule:

- The Fee Schedule now clarifies that site-built and modular homes will be charges under the same fee schedule.

Commissioner Riggs made a motion to approve revised Fee Schedule for the Code Enforcement and Planning Department and make the new Fee Schedule effective July 1, 2003. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

The approved revised Fee Schedule for the Code Enforcement and Planning Department reads as follows:

# **Sheriff's Office Grants**

The County Manager stated Sheriff Perry is requesting authority to submit three (3) grants:

- A. <u>COPS in Schools:</u> This grant would pay 100% of the salary of a school resource officer (SRO) at Grandy Primary School for a period of three years. Like the grant that funded a SRO at the Middle School, the grant would likely be supplemented with a state grant for equipment. After the three years, the County will need to continue the position. An award announcement is anticipated in the fall or winter of 2003/2004 and budgeting would not occur until FY2004-05.
- B. <u>Universal Hiring Program:</u> This grant would pay 75% of the salary for a new deputy for three years and then the County would need to continue the position. An award announcement is anticipated in the fall or winter of 2003/2004 and budgeting would not occur until FY2004-05.
- C. <u>Homeland Security Overtime Program:</u> This grant would pay 75% of the overtime in terrorism prevention for one year. An award announcement is anticipated in the fall or winter of 2003/2004 and budgeting would not occur until FY2004-05.

Sheriff Perry was available to answer any questions via conference call.

After discussion with Sheriff Perry, Commissioner Rountree made a motion to approve Sheriff's Perry requested to submit grant applications for COPS in Schools, Universal Hiring Program and Homeland Security Overtime Program. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

#### Resolution No. 2003-06-05 Relating to a NCDOT US17 Corridor Study

On May 28, the County Manager received a call from Perquimans County Commissioner and former District 1 NCDOT Board Member Charles Ward requesting Camden County's support for inclusion of a US17 corridor study (from Perquimans County to the Virginia Border) in the new State Transportation Improvement Plan (TIP). Such an action would be consistent with the Comprehensive Plan now underway that calls for a corridor study of US17 in Camden County from the Virginia Border to South Mills Village.

Commissioner Riggs made a motion to approve Resolution No. 2003-06-05 Relating to NCDOT US17 Corridor Study. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

The approved Resolution No. 2003-06-05 Relating to NCDOT US17 Corridor Study reads as follows:

# Resolution No. 2003-06-05

# A RESOLUTION OF THE CAMDEN COUNTY BOARD OF COMMISSIONERS RELATING TO A NCDOT US17 CORRIDOR STUDY

**WHEREAS**, the US17 corridor from the Virginia Border (Camden County) through Elizabeth City (Pasquotank County) and into Hertford (Perquimans County) is seeing increased development and this development will further increase with the improvements now underway on US17 in Chesapeake, Virginia; and,

**WHEREAS,** there will be escalating pressure to increase the number of access points to US17; install outdoor advertising, and to otherwise use the US17 corridor for commercial and residential purposes; and,

**WHEREAS,** the affected counties are individually planning for growth management along US17 but would benefit if NCDOT conducted a coordinated study of the US17 corridor through Camden, Pasquotank, and Perquimans counties

**NOW, THEREFORE, BE IT RESOLVED,** that the Camden County Board of Commissioners does hereby support a corridor study by NCDOT of US17 through Camden, Pasquotank and Perquimans counties and that such study be coordinated with ongoing planning efforts by the affected counties.

Adopted this the 2 <sup>nd</sup> day of Jun	e, 2003.

# Camden County 4-H Summer Program; JCPC Program

A request was received from Cooperative Extension for funding the Camden County 4-H Summer Program. Travis Burke, Extension Director for Pasquotank County, is serving as the interim 4-H program staff until NCSU hires someone for Camden County.

Mr. Burke is proposing to utilize unspent Cooperative Extension salary budget items to meet the needs of the 4-H Program this summer. Most of Extension's needs are for

Summer Program salaries. In additional, Mr. Burke is requesting \$375 in additional supplies funding, if available, from the unspent Extension salary line items. That amount is available.

JCPC grant funds will be used for targeted at-risk youth as per the goals and intent of that State program. Carol Tarkington, JCPC Program Assistant, has worked with Extension, the Courts, District Attorney, schools, and others to create a positive experience for 13 – 16 year old Camden County youth. Ms. Tarkington will be in attendance at the June 2 Commissioners meeting to provide an oral update on the JCPC Summer Program.

Given that the 4-H camp will fall over two fiscal years, Mr. Burke is proposing to utilize unspent salaries from both fiscal years to meet the 4-H Program needs. (Dr King, Interim Extension Director, does not feel that the existing vacancies will be filled by July 1 and the Director position may remain unfilled for several months into the new fiscal year.)

The employees of the 4-H Summer Program would not be County employees.

Commissioner Riggs made a motion to authorize transfer of up to \$1,400 from the FY2002-03 Extension Director and Extension Agent salary line items to the 4-H Summer Program for the summer 2003 camp. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

Commissioner Riggs made a motion to authorize transfer of up to an additional \$375 from the FY2002-03 Extension Director and Extension Agent salary line items to the 4-H Summer Program for additional Summer Camp supplies. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

Commissioner Rountree made a motion to authorize transfer of up to \$1,500 from the FY2003-04 Extension Director and Extension Agent salary line items to the 4-H Summer Program for the summer 2003 camp. This would be an amendment to the proposed FY2003-04 County Budget. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

Carol Tarkington gave an overview of the At Risk Summer Program for kids.

# **Natural Gas Inspection Refunds**

Commissioner Jeralds made a motion to approve a natural gas inspection refund from Elva Fannin in the amount of \$65.00. The motion passed with Commissioners Jeralds, Riggs, Rountree, Shaw and Chairman Jennings voting aye; no Commissioners voting no; and no Commissioners absent or not voting.

Hearing no objections, Chairman Jennings requested staff provide the Board with a complete list of gas inspections at the June 16 meeting.

### <u>Camden County High School Vital Upgrade Project – QZAB; Grandy Primary</u> School Upgrade Project

The \$2.0 million QZAB financing for the \$3.0 million Camden County high School Vital Upgrade Project continues on schedule. A conference call was held May 29 and the same team that put together the 10.1 million QZAB financing in 2000 is working together on this financing. Closing on the financing is targeted for Tuesday, June 24. The Commissioners will have a large number of documents to approve at its Monday, June 16 meeting. The first payment on the QZAB financing will not be due until July 15, 2004, so staff has not included the debt service payment in the FY2003-04 budget.

This same team has also begun working on looking at alternatives for the \$7.0 million Grandy School Upgrade. Application has been made for \$2.0 million in QZAB financing for the Grandy School Upgrade Project and we are looking at financing for the remaining

\$5.0 million. To stay on schedule for a summer 2005 opening, the financing package needs to be in place by December 2003 or January 2004.

# **Convenience Site and Solid Waste Hauling Costs**

Notification was received from Waste Industries of their annual pricing increase, which is submitted pursuant to existing agreement between Waste Industries and Camden County.

In addition, the County was informally notified of a likely tipping fee increase from Pasquotank County.

These increased expenses are included in the proposed FY2003-04 budget; thought the big unknown remains the possible increase in waste volume.

#### **School Capacity Figures**

The County Commissioners recently inquired about how the Planning Board reviews subdivisions relative to existing school capacity. The Board was provided with the last updated figures (February 2003) and those figures will be again updated this summer and again after fall school enrollment. Planning Board Chairman Bob Woodrow developed this system working with the School Superintendent and County staff. The ratios (e.g., school age children per parcel) are the same as those used by Currituck County and represent research done by that county.

# Ordinance No. 2003-06-02 Relating to Subdivision Streets Connecting Adjacent Properties and Development of a Transportation Plan

Ordinance No. 2003-06-02 Relating to Transportation Routes Between Subdivisions is a temporary "emergency" ordinance (effective immediately) that requires certain major and abbreviated subdivision applicants to provide for interconnection with adjacent parcels that are possible to be subdivided. In this way, not every subdivision will have a major ingress/egress to a state road without some alternative way for people to move between subdivisions.

The Ordinance would only apply to subdivision applications fronting on US17, US17 (Business), SR 1223 (Old Swamp Road), NC343, US158, and NC34.

The Ordinance is temporary (approximately six (6) months) and would expire on the day following the December 2003 regular meeting of the County Commissioners.

The Ordinance would further call upon the Planning Board to develop a transportation plan and implementation recommendations and to transmit the plan and recommendations to the County Commissioners by October 2003. This submission date is in time for full review and action by the County Commissioners prior to expiration of the temporary ordinance.

Ordinances adopted at the meeting when they are introduced require the affirmative vote of all Commissioners.

Hearing no objections, Chairman Jennings ordered Ordinance No. 2003-06-02 Relating to Subdivision Streets Connecting Adjacent Properties and Development of a Transportation Plan be laid over for further consideration.
